

The Scan Project - Small Claims Analysis Net: the reference network for the ESCP - European Small Claims Procedure.

9 Partners in a Consortium under the leadership of **Unina** and coordinated by Professor Francesco Romeo started the SCAN Project to guide the ESCP towards **practice and efficient implementation and understanding** for the European citizen as a *Consumer, Small and Medium Enterprise and Legal Practitioner* (lawyers and judges)

How SCAN acted

Web site www.scanproject.eu

- Online reference portal for ESCPs
- Simplification of legal language in legal design
- Integration of ESCP-related online resources (webinars, workshops)
- Partners' publications and in-depth information on ESCP matters
- Downloadable materials about ESCP in Italy and the EU
- Dedicated "FAQs & TIPS" section with illustrative text and video content
- Future provision in the main EU languages

Web App - ESCP Platform

Platform on the feasibility of the legal preconditions underpinning the ESCP and guidance on how to correctly complete the Forms provided on the European Justice Portal and also downloadable from the platform.

APPLICABILITY »

Preliminary double choice questionnaire (yes/no) on the applicability of the ESCP to the user's case.

COMPETENT COURT and LANGUAGE »

Member State and Competent Authority to which the application should be submitted and language for completion

ADDITIONAL INFORMATION and COSTS »

Additional information and Costs of the ESCP procedure.
